PRESIDENTS REMARKS: - *Jari Peltonen*

1. At our recent Board Meeting we decided to support the following projects. Polio Plus Challenge \$1,000 Orana Respite Care \$1,000 Kupu Kupu (Indonesia) \$1,000 SGRHS Autism Booklet \$250
2. In considering the expertise of several of our newer members, it was decided that a reallocation of some personnel resources was required with the upshot being that Damien will join Fai's PR Committee, Clint will look after Youth and Youth Protection in Service Projects, John Cagney will take on the International arm of Service Projects and Alistair will become the Pavilion Chief.
3. Please use the website www.whyalla.rotaryaust.org for checking our upcoming events.

HIGHLIGHTS

-))Peter is no longer the taxi service for his son who got his licence back today.
-))Damien won two races out of four at his first attempt at Dirt Circuit Racing. •))Perry set up a new 'set-top box' for his TV without looking at the instructions and Nat thinks he is very clever!

SERVICE PROJECTS:

Service Projects - Tim Clements

☑Alistair has delivered the TV-DVD player to the van so that the Shelterbox DVD and our own Projects DVD's can be shown during the Snapper Fishing Comp. ☑Final Roster circulated. ☑Next meeting Thurs 16th at Tim's from 7:00 pm.

Rotary Information - Glen Eden

Glen advised that he had made enquiries regarding the GSE Visit from Wales during September. As we have only just hosted a team (Sth Korea) it was considered unlikely we would be offered a hosting again so soon. However the team are heading for Roxby District and should Pt. Lincoln also offer to host, we could be offered an overnight stay.

SERGEANT: - *Soto Stuppos*

Damien, formerly known as 'Damo' will now be known as 'Fangio' in view of his 2 wins from only 4 starts on the Dirt Circuit.

GUEST SPEAKER

Roanne Giles

Australian Technical College

The Australian Technical College was established in Whyalla three years ago to build the number of skilled workers in designated industry sectors and at the same time, enable secondary school students complete their SACE.

The College has been very successful in ensuring students meet their goals as they receive extensive support and mentoring in the process to make them work-ready when they complete Year12. There are 5 areas of focus for skills development and training. These are ☑Building & Construction ☑Commercial cooking ☑Electronics and Technology ☑Metals & engineering. ☑Automotive.

The college is the only rural technical college in S.A. and covers the 3 Spencer Gulf cities. Students spend proportionate amounts of time completing their SACE, receiving trades tuition and getting that all important hands-on experience.
